### Report Card Background

The Anchorage Parks Report Card utilized community volunteers to create a comprehensive picture of the condition of our neighborhood parks, reflecting the Anchorage community's opinions, preferences and ideas. Almost 1,000 citizens along with APRD staff evaluated 53 neighborhood parks based on 6 different settings. Parks were surveyed based on cleanliness, safety, structure, appearance, and function. APRD will use this information to strategically employ its funding and volunteer resources to better meet the needs of the Anchorage community.

OVERALL GRADE	D	
Active Recreation Areas	63	
Green Spaces	64	
Park Entry	59	
Passive Recreation Areas	68	
Pathways	49	
Playgrounds	77	

Scores were calculated on a 100 point scale

# **Woodland Park Findings**

Community members reported inappropriate activities occurring in Woodland Park during night hours, as well as extensive litter left each night. Community members noted that it is hard to see into the park due to trees and overgrown shrubbery. Furthermore, benches are needed near the play area, the pathways are extremely cracked and crumbling and a dog station is needed.

#### Fix It List

- Replenish sand in play area
- · Trim trees and brush to improve safety sight lines
- · Remove graffiti on seating and play equipment
- Repair cracks in paved trails
- · Add benches facing play area and install picnic tables
- Evaluate number of trash cans and determine if they are adequate;
   install more if necessary
- Work with community to address concerns regarding inappropriate activities in the park
- Establish appropriate location and install dog station

The neighborhood is concerned about the condition of trails inside the park

Graffiti is a problem throughout park
