FNBP Blue Dot Trail Bridge Replacement

Far North Bicentennial Park is a beloved natural area, recreation center for the active population of Anchorage. The park is enjoyed year-round by mountain bikers, cross-country skiers, and runners.

The bridge structure was dangerous and not up to code, and was built by trail users without permits or authorization. Park Maintenance removed the bridge in 2013 and again in 2015 after users rebuilt it. The persistence of the amateur bridge attests to the importance of this trail connection over the creek. Funds will be used to build a safe, prefabricated trail bridge with an emphasis of simple, efficient maintenance.

Parks & Recreation

Anchorage has 10,946 acres of municipal parkland, 223 parks, and over 250 miles of trails and greenbelts that link neighborhoods with surrounding natural open space and wildlife habitat. These are considerable assets for the citizens of Anchorage to enjoy and maintain.

Parks & Recreation launched the *Clean & Green, Safe & Secure Campaign* with the Anchorage Park Foundation to upgrade the safety, function, and appearance of Anchorage parks. To get involved, call 343-4587.

Project Cost Estimate

Project Budget	Cost
Install Prefabricated Trail Bridge for Natural Area	\$1,000,000
Total	\$1,000,000
Funding:	
Total 2015 Legislative Request	\$1,000,000
