

Chugach Foothills Connector

Ribbon CUTTING

AMATS, Anchorage Parks & Recreation, Alaska Department of Transportation, and Anchorage Park Foundation invite you to a celebration of the grand opening of the Chugach Foothills Phase II Project! This trail project connects Regal Mountain Drive to the trail at Campbell Airstrip Road and will serve as an important east-west connector providing safe, accessible bicycle and pedestrian travel from East Anchorage to Far North Bicentennial Park. A special thank you to our partners: Neeser Construction, R&M Consultants, EMC Engineering, Heritage Land Bank, and the Federation of Community Councils.

This project is funded with Federal Highway Administration dollars through the AMATS Transportation Alternative Program (TAP). Collaboration between the Municipality of Anchorage Parks and Recreation Department, Alaska Department of Transportation & Public Facilities, and numerous stakeholders including UAA, the Scenic Foothills Community Council, the Anchorage Planning & Zoning Commission, and Anchorage Urban Design Commission was crucial to project development. The celebration will include a ribbon cutting, sweet treats and kettle corn.

Where: Project Site
When: July 26th, 2023
What time: 4pm-5pm
